REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

None of the prior art of record discloses or suggests a transfective display device as a whole comprising *only* one half-wave plate disposed between the *second* polarizer and the *lower* substrate wherein the reflective electrode layer and the transparent electrode layer are formed overlying the inner surface of the lower substrate as the reflective area and the transmissive area of the pixel electrode, respectively.

Baek'687 discloses a transfective display device as a whole comprising *only* one half-wave plate disposed between the *first* polarizer and the *upper* substrate wherein the common electrode is formed overlying the inner surface of the upper substrate, and wherein the reflective electrode layer and the transparent electrode layer are formed overlying the inner surface of the *lower* substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Tai Duong at telephone number (571) 272-2291.
